

Wedding Information

This exclusive, water access only property is only an hour from Sydney but in terms of beauty, it's a world away.

Towering palm trees, lush gardens and lawns sprawling to the water's edge create a tropical resort feel.

The moment you and your guests step from the boat to be welcomed with a refreshing cocktail, the "Wow Factor" kicks in.

Most couples choose to hold their ceremony in the afternoon to take advantage of the panoramic back-drop allowing festivities to flow through to the evening under a canopy of stars. Your guests really will believe you've taken them to another world.

But Peats Bite is much more than a magnificent restaurant. We also have six, double story bungalows right on the water. This means that 24 people can enjoy the luxury of strolling to their beds and waking to the sound of water lapping. With the use of local houseboat companies, a floatel can be created with accommodation for another 40 guests.

This unique location means that your wedding becomes an adventure for your guests right from the start when they step aboard a large group ferry, classic timber vessel or slick, private charter boat. For the really adventurous, there's the option of a seaplane.

Tanya and Geoff are the proprietors of Peats Bite. Tanya grew up on the property and has a wealth of experience she can pass on. These two are young enough to understand what a couple dream for their special day, and experienced enough to be able to deliver.

They'll take the hard work and stress out of planning for your special day. Along with their experienced, dedicated team they'll provide assistance in everything from coordinating the event, organising entertainment, booking photographers, arranging transport and decorating tables.

Whether you're looking for small or large, elegant or casual, straight or kooky, Peats Bite will deliver a fun occasion you, your family and friends will remember for a lifetime.
